

PROGRAM ADMIN -TREATMENT ACCESS SUPERVISOR

The Treatment Access Supervisor will assist the STD/HIV/Hepatitis Program (SHHP) of the Louisiana Office of Public Health (OPH) in overseeing the statewide coordination and implementation of all Ryan White Part B and ADAP funded HIV treatment access services and activities. At a minimum this position will oversee the Louisiana Health Insurance Program (HIP), the Louisiana Health Access Program (LA HAP) and the Louisiana Drug Assistance Program (LDAP). This position will also directly supervise the coordinators of all HIV treatment access programs within the SHHP Services Unit and the five (5) Client Services Specialists (indirect reports). The Treatment Access Supervisor will be responsible for the development, implementation and ongoing monitoring of new HIV treatment access programs that will improve the health and well-being of people living with HIV in Louisiana. The incumbent will also be responsible for assuring adherence to all related Health Resources and Services Administration (HRSA) Ryan White Part B Monitoring Standards, and the relevant Goals/Objectives outlined in the Louisiana Ending the HIV Epidemic Plan (EtE)/Louisiana HIV/AIDS Strategy (LHAS) and the National HIV/AIDS Strategy (NHAS). The selected candidate will work collaboratively and actively participate and support the statewide and regional HIV/STD planning processes including EtE, LHAS and Fast Track Cities initiatives occurring in Louisiana in capacities related to enhancing or improving HIV treatment access.
