

Data Analyst-ECR

Southeast La. Area Health Education Center (SELAHEC), in conjunction with the Louisiana Office of Public Health Bureau of Infectious Diseases, is seeking applicants to join our Health Systems team for the critical role of Electronic Case Reporting (ECR) Data Analyst. This position is located in New Orleans within the Louisiana Dept. Of Health Bureau of Infectious Diseases. The successful candidate will report to the Interoperability Supervisor. The ECR Data Analyst will work in a complex arena with national and state public health professionals in epidemiology, surveillance, informatics, and interoperability. This position will work closely with these teams to research and define requirements, identify best practices, and produce a plan for ECR implementation.

Candidates for the position must hold a bachelor's degree in Computer Science, Information Systems, Decision Sciences, or Data Sciences. 3-5 years of in Healthcare IT, Business Intelligence, Data Management, or related field. Public Health or Public Health Information Management System experience preferred. Experience in Healthcare Analytics particularly in Public Health favorable.

No later than close of business **May 14, 2021** applicants should submit a resume to SHP.Jobs@la.gov. Must Reference: **ECR Data Analyst** in subject line.

EOE/AA Employer.
