WITH HIV

World **AIDS** Day
December 1

#IWEARREDBECAUSE

Around the World

In 2019, an estimated **38 million** people were **living with HIV**.

Since the start of the epidemic, an estimated **32.7 million** people have **died from an AIDS-related illness**.

An estimated **1.7 million** people were **diagnosed with HIV** in 2019, a **40% decrease** since diagnoses peaked in 1998.

HIV & AIDS in the United States

- There are over 1 million Americans living with HIV.
- In 2018, nearly 38,000 people were diagnosed with HIV.
- In 2018, over 17,000 people were diagnosed with AIDS.

The HIV epidemic affects some groups of people more than others, including:

African American & Hispanic/Latinx People

Gay & Bisexual Men

Persons Living in the Southern United States

There are many factors that contribute to a person's risk for HIV and their overall health. Some of these factors include:

Education

Access to Healthcare

Stigma & Discrimination

Employment

Supportive Family & Community

Safe & Stable Housing

Finding ways to make sure people can access quality health services is important for the health of all people.

HIV and AIDS in Louisiana

In 2019 there were **884 new HIV diagnoses in Louisiana**.
The lowest number of new diagnoses since the peak of the epidemic in 1992.

It is estimated that **1 in 5** people living with HIV in Louisiana are **undiagnosed** and **do not know their HIV status**.

In 2019, there were **22,162 people living with HIV** in Louisiana.

Among persons living with HIV in 2019...

2 in 3 were African American

71% were male

Half were over 45-years-old

How YOU can prevent HIV transmission:

If you are living with HIV, **take your HIV medicine** to stay healthy & reduce the risk of passing HIV on to a partner.

If you are HIV-negative, ask your doctor about **PrEP**.
The daily pill to prevent HIV.

Know your status and your partner's status.
Get tested for HIV.

Use **condoms** correctly every time you have oral, anal, or vaginal sex.

Avoid sharing needles and other injecting equipment.

Get tested and treated for other sexually transmitted diseases (STDs).
