

Data Analyst-Onboarding

Southeast La. Area Health Education Center (SELAHEC), in conjunction with the Louisiana Office of Public Health Bureau of Infectious Diseases is seeking applicants to join our Health Systems team for the critical role of Data Analyst to work in the Louisiana Office of Public Health office located in New Orleans. The successful candidate will report to the Interoperability Supervisor and be responsible for technical study, analysis and issue resolution throughout the State of Louisiana's Electronic Laboratory Reporting (ELR) onboarding process. Routine activities can include inducting new facilities into the ELR process and seeking out opportunities to transition established facilities from one reporting method to another.

Candidates for the position must have a Bachelor's Degree in Computer Science, Information Systems, Decision Sciences, or Data Sciences working with Healthcare data. HL7 experience a must. Rhapsody Integration Engine experience a plus.

Until filled applicants should submit a resume to SHP_Resumes@la.gov. Must Reference: Data Analyst-Onboarding in subject line.

EOE/AA Employer.
