This position is responsible for the day-to-day data management and analysis activities for the Louisiana Office of Public Health STD/HIV/Hepatitis Program (SHHP), in the Hepatitis Surveillance unit. Data utilized for Hepatitis Surveillance activities include HBV and HCV laboratory data, Case Report Forms, Provider Report Forms, Linkage to Cure data, investigation data, and data from related sources and programs. This position will implement and coordinate data management activities, ensure the quality of data entered, provide analysis of the data, and produce reports. All activities must be completed in accordance with the security and confidentiality guidelines required by the Centers for Disease Control and Prevention (CDC) and SHHP.

Qualifications:

Required:
- Bachelor's degree in Public Health, Biostatistics, Epidemiology or related field
- Five years of relevant professional experience
- Superior data management and analytical skills utilizing statistical software including SAS or SPSS; proficient in Microsoft Office Suite; strong written and verbal skills required
- Master's degree with 2+ years or PhD can substitute.

Preferred:
- Master's degree in Public Health, Biostatistics, Epidemiology or related field.
- Five or more years of professional experience in data management and analysis. Experience with Viral Hepatitis or other infectious disease data, and local, state or federal programs. Experience with SQL, Tableau, or ArcGIS.

Applicant Instructions
Qualified applicants should submit a cover letter, resume, and three professional references in a PDF or MS Word attachment to: https://lsuhsc.peopleadmin.com/postings/10204

Month and Year of employment are needed on the resume. Please provide to prevent delays in the review and/or need to request additional information.

Closing Date: **Open Until Filled**

LSU Health New Orleans is committed to leveraging diversity as an educational resource and an institutional core value. We seek candidates who will contribute to a climate where students, faculty, and staff of all identities and backgrounds have equitable access and success opportunities. AS an equal opportunity, affirmative action employer, we welcome all to apply without regard to race, color, religion, age, sex, national origin, physical or mental disability, genetics, protected veterans status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state, or local laws.
