

Title: Support Services Monitor

Projected salary: Negotiable commensurate with experience

Job description highlights:

Southeast LA Area Health Education Center (SELAHEC), in conjunction with the LA Office of Public Health STD/HIV/Hepatitis Program (SHHP), seeks applicants for a Support Services Monitor. Successful candidate will join a team who share a passion for serving people living with HIV and a team committed to fostering equity, diversity and inclusion to be representative of communities served.

The successful candidate will be responsible for implementing uniform program policies and service definitions, disseminating program guidance, standardizing service delivery to clients in order to improve health outcomes, reviewing service utilization and epidemiological data to make recommendations for program improvement, assisting in providing guidance to leadership as needed, and provide consistent monitoring and evaluation of the service provider agencies. Further duties include overseeing the coordination and local implementation of the Ryan White Part B-funded services and activities funded under the Housing Opportunities for Persons with AIDS (HOPWA) through sub-recipient monitoring. Monitoring is a required activity to ensure compliance with statutory requirements, regulations and guidance as mandated by the funding sources for support services provided to People living with HIV in Louisiana. Other essential monitoring activities involves monthly review of support service invoices and coordination related to processing invoices. Position also includes duties related to training recommendations, policy research, coordination with evaluation and data activities, promoting SHHP programs and support of the Get Loud Louisiana plan.

The overall goal of these efforts is to improve the health outcomes of persons accessing Ryan White and HOPWA services and an increase in client transition to self-managed care.
