

SERVICES QUALITY MANAGER - RA3

This position will design, develop and implement a Services Quality Management (QM) Plan and support evaluation activities of other STD/HIV Program-funded projects. Update and oversee the Ryan White Continuous Quality Improvement (CQI) process, inclusive of preparing pertinent data and information, scheduling and facilitating the Steering Committee and Subcommittee meetings. Monitor the internal and external variables noted in the Quality Management Plan on a monthly, quarterly, bi-annual and annual basis to assure that progress is achieved in both the Goals and Objectives of this plan.

Qualifications

Required:

- Master's degree in Public Health, Public Administration, Business Administration, Health Care Administration, Behavioral/Social Science, Social Work or a closely related field.
- Two (2) years of professional level experience.
- Bachelor's degree plus 5-7 years of experience could replace the Master's Degree.

Preferred:

- State/Federal, Public Health, STD and/or HIV experience preferred; Two-three years of relevant professional experience.
