

IT Project Manager

Southeast La. Area Health Education Center (SELAHEC), in conjunction with the Louisiana Office of Public Health STD/HIV/Hepatitis Program, is seeking applicants to join our Health Systems team for the vital role of IT Project Manager working in the Louisiana Office of Public Health STD/HIV/HEPATITIS Program in New Orleans. The successful candidate will have the overall responsibility of coordinating all operational project activities supporting the critical mission of disease surveillance and prevention, along with data analysis, case management and linkage to care.

Candidates for the position must have a bachelor's degree in area of specialty or 5 years of experience as an individual contributor and certification in the related area. Documented experience as a Project Management Professional supporting system integration projects preferred.

Until filled applicants should submit a resume to SHP_Resumes@la.gov. Must Reference: IT Project Manager in the subject line.
EOE/AA Employer.
