## Additional Beneficiaries

Additional beneficiaries are other household members enrolled in the HOPWA Program. Additional beneficiaries may be living with or without HIV. Enter aggregate demographic and statistical information for other household members in this section. Demographic and statistical data for the eligible individual must be entered in the previous section. The eligible individual is the household member who qualified the household for the program because they are living with HIV. While more than one person in the household may be living with HIV, only one person per household can be designated as the eligible individual. Do not include data on the eligible individual in this section.
